

Number formation

(some rhymes to help your child form their numbers correctly)

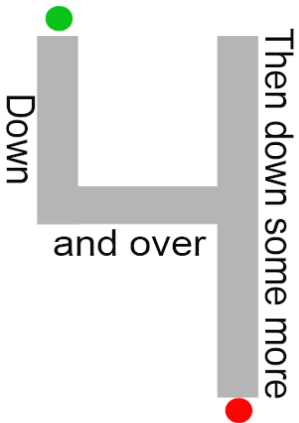

Straight down and then you're done.

You made a two just like that!

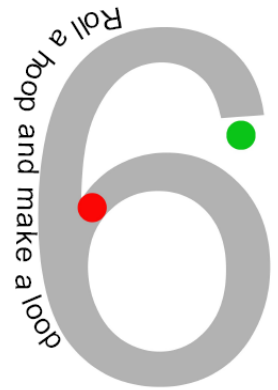

That's the way to make a three.

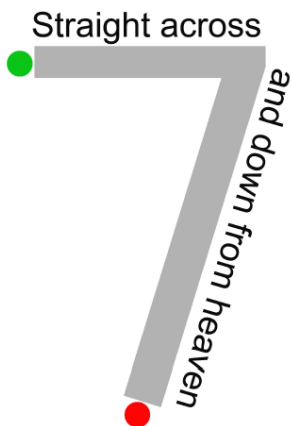

That is how you make a four.

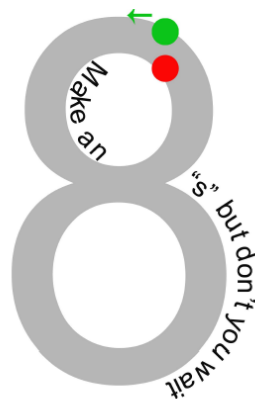

And that's a five.

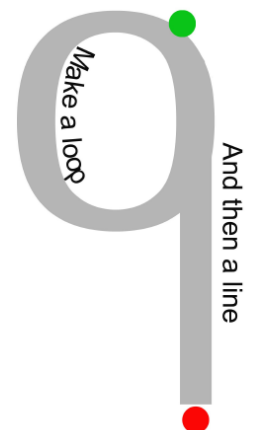

Just that quick You've made a six.

That's the way you make a seven.

Go right back up to make an eight.

That's the way to make a nine.
