

BURSLEY ACADEMY SPORTS GRANT EXPENDITURE

Expenditure 01.09.18-31.08.19

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. Primary PE and Sport Premium should be used to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

There are 5 key indicators that schools should expect to see improvement across:

- the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
- the profile of PE and sport is raised across the school as a tool for whole-school improvement
- increased confidence, knowledge and skills of all staff in teaching PE and sport
- broader experience of a range of sports and activities offered to all pupils
- increased participation in competitive sport

Amount of grant awarded- 09/11/19 £10,932

05/04/19 £7,808

Amount	Resources	Impact
£1680.83	Sports Equipment	An audit of resources was completed and many items were replenished and new equipment bought. This ensures the children have the best quality equipment to use during PE sessions and enhance progress. The children are eager to use the new equipment and participate in PE lessons, learning new skills and developing their skill set.
£480.42 £650	Cover for Mrs Jesch to be out of class Cost of consultancy time	LJ attended the Stoke City Conference and brought many ideas back to school to implement and improve sport at Bursley. Following this conference staff were trained on how to make their lessons more active and how to use resources bought at playtimes. Mrs Jesch met with a PE consultant to look at our sports premium funding and how to spend it wisely for Bursley. We planned how the funding was going to be used to up skill

		<p>teachers in certain year groups ensuring children were having the highest quality PE lessons possible.</p> <p>Mrs Jesch and the PE consultant planned the curriculum for the following year, ensuring all areas were covered and that the sports coaches and teachers were working closely together to meet the same targets.</p>
£249.00	Jumpstart Jonny Subscription	<p>To help support the Government's proposed plan of children being active for at least 60 minutes every day, a fun workout package was purchased to ensure children could be active throughout the day, including wet playtimes when the children are forced to stay indoors, particularly through the winter months. This has also been used as 'brain gym' to help refocus the children during a lesson and enable them to move around. The children from Nursery to Year 6 all enjoy partaking in the dance routines and it has even been used as a calming activity using the mindfulness activities.</p>
£3500	Stoke City Gold Package	<p>Premier League Primary Stars is a new schools programme which uses the appeal of football and sport to connect and inspire with children aged between 5 and 11 years old in Primary Schools.</p> <p>The money has been used to:</p> <ul style="list-style-type: none"> · To increase children's participation and enjoyment in sport and physical activity · To promote the added benefits of sport and physical activity in literacy, maths & PSHE · To increase participation in after school football and sports activities. · To enhance teachers' knowledge, skills and confidence to deliver high quality PE.

		<ul style="list-style-type: none"> · To increase football and sports skills in children. · To support talented children into progression pathways in sport.
£250	Newcastle Junior Sports Federation	Each year the children compete against other schools in the Newcastle area and have the opportunity to try new sports, visit new places, meet other children and develop their skills in a range of sports. The children thrive being part of a team and representing their school. Some children then go on to join local clubs following their enjoyment of a new sport.

As a school we will continue to promote the importance of physical activity and healthy living through our broad curriculum and commitment to PE. We believe that PE and extra-curricular opportunities have a positive influence on concentration, attitude and academic achievements of all children. Children here at Bursley enjoy PE lessons and engage in a wide range of activities. They enjoy being physically active and develop their strength, stamina and suppleness required for daily life, work and play.

We once again would like to thank all of the staff, parents and carers for their continued support,

Mrs L Jesch

(PE Coordinator)
