
 x 9 x 2 x 9   
Funley In the house! Counting the 9's  
 $9 \times 1 = 9$  Are you having fun this time

$9 \times 2 = 18$  We need to find a new scheme

$9 \times 3 = 27$  I'm in times table heaven.

$9 \times 4 = 36$  I need to have my wetank six.

$9 \times 5 = 45$  It's my Brakee time now.

$9 \times 6 = 54$  Mum there's some one at the door!

$9 \times 7 = 63$  It's my friend he's coming to tea.

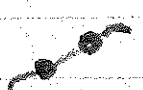

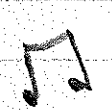

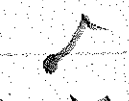

$9 \times 8 = 72$  One sugar or two?

$9 \times 9 = 81$  My dad needs a glass of wine

$9 \times 10 = 90$  My man must put on her rightey.

$9 \times 11 = 99$  Let me know when it's home time.

$9 \times 12 = 108$  Funley signing off for a date!

 x 9     x 9  
Great rap (lhp)
