
 x 9 x 2 x 9 
Funley In the house! Counting the 9's
 $9 \times 1 = 9$ Are you having fun this time

$9 \times 2 = 18$ We need to find a new scheme

$9 \times 3 = 27$ I'm in times table heaven.

$9 \times 4 = 36$ I need to have my wetank six.

$9 \times 5 = 45$ It's my Brakee time now.

$9 \times 6 = 54$ Mum there's some one at the door!

$9 \times 7 = 63$ It's my friend he's coming to tea.

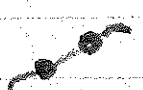

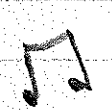

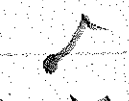

$9 \times 8 = 72$ One sugar or two?

$9 \times 9 = 81$ My dad needs a glass of wine

$9 \times 10 = 90$ My man must put on her rightey.

$9 \times 11 = 99$ Let me know when it's home time.

$9 \times 12 = 108$ Funley signing off for a date!

 x 9     x 9
Great rap (lhp)
